Product Description

A-B cable for connecting the latest USB3.0 devices such as portable hard drives and other items to your USB enabled PC/Laptop

- Super Speed USB3.0 brings significant performance enhancements to the USB standard, whilst remaining compatible with billions of USB enabled devices currently in use. - Super Speed USB3.0 delivers 10x the data transfer rate of Hi-Speed USB2.0, as well as improved power efficiency - To operate at the SuperSpeed USB3.0 both the PC and the device must be USB3.0 compliant, otherwise the device or the PC will only run at the speed of the legacy device.
