

Satellite and UHF Signal Combiner

Compact and efficient design for easy installation

Combine or split your TV and satellite signals with Labgear's Satellite and UHF Signal Combiner. This versatile device allows the integration of signals from a satellite LNB and UHF aerial, ensuring a streamlined and organised setup.

Features

- Combines signals from a satellite LNB and UHF aerial, or splits a combined TV and satellite signal.
- Power pass on the satellite leg enables LNB powering by an attached satellite receiver.
- Ideal for setups requiring both satellite and terrestrial signal integration.
- Compact and efficient design for easy installation and minimal space usage.
- Ensures a clean and organised cable management system.
- Durable construction for long-lasting and reliable use.

Product Specifications	
Number of Inputs	2
Number of Outputs	1
Connector Type	F type
Frequency Range	5-862MHz / 950-2400MHz
Insertion Loss	<3.5dB
Isolation	20dB
Impedance	75Ω
Screen Factor	Class A
Housing Material	Zinc die cast

Product Information	
Part Number	CM 4161
EAN	5050171051207
Units per Pack	1
Packaging Size	53 x 6 x 2.8cm
Finished Packaging Weight	g
Outer Box Qty	200
Outer Size	33 x 31 x 31cm
Outer Gross Weight	11.6kg
Outer Net Weight	11.244kg
