

Robotic LED Security Camera

with auto-tracking light, black

Part Number:
90116PI

The SLx Robotic Security Camera with Auto-Tracking Light is the only security product on the UK market that offers you a motion sensor motorised light. The robotic lighthouse automatically rotates 210° to pick up any movement and the built-in high-resolution camera will allow you to visually track any breaches on your property.

Features & Benefits

- LED light source of 1700 lumens.
- 1080p HD camera with Wi-Fi connectivity.
- Tri-directional auto tracking light spanning 210° giving you mass coverage around your property.
- Easy to set up for remote access using the free Tuya Smart app – no expensive monthly fees, available on IOS and Android.
- Comes with a 1.5m cable and plug for easy hassle-free installation. 32GB SD card included.
- IP65 rating to ensure it withstands any weather conditions.
- Two-way audio communication with the built-in speaker and microphone.
